Nipple Systems for Turkey Poults & Adult Turkeys

Super Easy Start Adjustable - SESA for Turkey Poults

PLASSON'S Super Easy Start Adjustable supplies fresh water in the mini bowl with a spring mechanism that ensures a constant supply of water. The water level can be adjusted according to need.

With PLASSON'S SESA you can ensure:

- Water level according to the poults requirements
- A uniform and heavy weight flock
- Lower mortality
- Drier litter
- Healthier birds
- More space available per bird
- Cups are kept clean through natural drinking (No need for cup cleaning)

General Guidelines

- Ideal for turkey poults from Day 1 to 8 weeks
- 25 - 30 turkey poults per SESA
- Recommended nipple to install with SESA - PLASSON Gray Nipple
- For subsequent growth stages, PLASSON'S Large Turkey Heavy Finish is recommended.

Large Turkey Heavy Finish - LTHF

PLASSON'S Large Turkey Heavy Finish releases fresh water by the slightest touch in 360°, supplying your adult turkeys with all the water they require.

Suitable for turkeys up to 23kg (50lbs)

With PLASSON'S LTHF you can ensure:

- Constant supply of fresh water
- A uniform and heavy weight flock
- Lower mortality
- Drier litter
- Healthier birds
- Cups are kept clean through natural drinking (No need for cup cleaning)

General Guidelines

- Ideal for adult turkey hens and toms
 - 25 - 30 Turkey Hens per LTHF
 - 20 - 30 Turkey Toms per LTHF
- Recommended nipple to install with LTHF - PLASSON Orange Nipple

Bell Drinkers for Turkeys

PLASSON makes the world's most reliable poultry drinkers - the "standard of the industry". For more than 50 years, no competitive drinker has been able to match PLASSON'S features and benefits.

PLASSON turkey drinkers feature a large bell trough and heavy duty spring designed to accommodate large adult turkeys.

PLASSON turkey drinkers are made of a rugged high-impact plastic, formulated to withstand the ravages of the active turkey house over many years.

The unique feature of PLASSON Turkey Drinkers is the ballast bottle, which acts independently of the bell and eliminates wear on the valve mechanism.

Find out how you can water your flocks from day old poults to adult birds with PLASSON bell drinkers for foolproof, profit-making performance.

PLASSON drinkers are supported by a worldwide network of authorized distributors who provide expert installation, full service, and a complete line of PLASSON products and original spare parts.

When using bell drinkers for poults, we recommend the use of Breeder Drinker or Broiler Drinker. For adult turkeys we recommend the use of Turkey Drinker or Compact Turkey Drinker.
